

Road Map Of My Portfolio Project

☐ WEEK1

03-feb-2020 / 04-feb-2020

- ❖ I did the layout of my website on mockup.
- ❖ Created a folder for my html files and css files.

05-feb-2020 / 06-feb-2020

- ❖ I started with my home page and continued to style it in css.
- ❖ Did the html part of my about-me page and styled it in css.

☐ WEEK2

09-feb-2020 / 10-feb-2020

- ❖ Completed my contact page in html and css.
- ❖ I went through my and checked if there are any errors or changes I want to make.

11-feb-2020 / 12-feb-2020

- ❖ I made a google captcha for my contact-form.
- ❖ I used a cloud function (firebase and netlify) to make my email responsive.

13-feb-2020 / 14-feb-2020

- ❖ I put my work that I did on my portfolio, from the starting date on GitHub.
- ❖ I made a repository for my work that I hosted on GitHub.
